Find Your Cheaper Cash Based Options

The new Free Market Medical Association wants to provide services directly to patients who pay cash and they want to help these patients find real prices. Dr. Keith Smith from The Surgery Center of Oklahoma, which led in price transparency, calls this “price honesty.” Imagine health care prices that actually fit your idea of value. Imagine getting a lower price than if you use your insurance to reach your deductible.

Options for finding prices and finding cash-based care are growing and include Medibid.com, TheZeroCard.com, Pricinghealthcare.com and healthcarebluebook.com. Look at today's Health Freedom Minute online if you couldn't write these down fast enough and start thinking cash if you want to save on health care.

“Free market resources are emerging to help patients find health care at a fair price: Report from the Free Market Medical Association Conference,” Jed Stuber, Christian Healthcare Newsletter, Samaritan Ministries, January 2015.

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.

The Health Freedom Minute is now heard in 41 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
