**Corralling Young Invincibles into Obamacare HIX**

An article by Zeke Emanuel is titled “Health-Care Exchanges Will Need the Young Invincibles.” This architect of Obamacare says Exchange supporters should be very worried about getting the young and healthy to enroll in government exchange coverage.

That’s why our organization is working to make sure the public knows how expensive, limiting, and intrusive the government exchanges will be. We want people to know that Obama’s government Exchange only offers government coverage -- Medicaid for the middle class on a sliding fee scale. Zeke wants Obama to do more to get the young into the exchange. We’ll do our best to keep them out. Join us in this effort to upset the Obamacare apple cart.
