Exchange Hub Gets Scrutiny

Three weeks ago, Andrea Tantaros from The Five on Fox News, talked about our organization’s diagram of the Obamacare Exchange and its data-gathering Federal Data Services Hub. She showed to the Fox News television audience.

Perhaps as a result, just 8 days later 16 members of Congress sent a letter to HHS Secretary Sebelius asking for a detailed briefing on the Data Services Hub by July 12. They note that the Hub will gather private health information, tax and financial information, criminal background and immigration status and other personal data. I’m glad our organization’s diagram could be so useful. Find it at CCHFreedom.org
