Cash options for Care and Coverage

Many people are afraid of being uninsured. Freedom from fear comes with options. So, first, instead of insurance, consider joining a health sharing organization like Samaritan Ministries or Medi-Share. Then look elsewhere for non-emergency surgery. For example, North American Surgery negotiates favorable prices nationwide for its clients.

Then there’s NoInsuranceSurgery.com which is far less expensive and sees patients from across the country. You could also use Medi-bid to find a doctor willing to serve you at the price you can afford. Or check out the Surgery Center of Oklahoma, which treats many Canadians. Start now to see the value of cash and competition.
