True Descriptors for Obamacare Exchange

I call the Obamacare Exchange a Federal Takeover Center, or an Obamacare Implementation Center. The Minnesota law specifically requires the Exchange governance board to “exercise all powers reasonably necessary to implement and administer…the Affordable Care Act.”

The exchange can also be called a Wealth Redistribution Center because it will transfer wages of the young and healthy to the old and sick. It’s also an IRS Enforcement Center because the IRS will use vast data on individuals to track insurance status and impose penalties. And the exchange is a Government Dependency Center, offering Medicaid policies to the middle class. Don’t enroll in the Exchange.
