**Obamacare's Spin Doctors Hard at Work**

The Obama administration says consumers have saved $9 billion on premiums due to Obamacare and families will receive “an average refund of $80 each this year.” This is sheer deception. First, the $80 refund only goes to 2% of American families. Second, whatever happened to the twenty-five hundred dollar premium decrease Obama promised?

And third, the nine billion dollars is bogus. The Heritage Foundation says it makes assumptions that don’t reflect how insurance works. Obama wants you to think Obamacare is a good deal. You know it isn’t. Your premiums are up, your choices are down, and you may lose your job. That’s why 55% still oppose the law.
