Push to Defund Obamacare Advances

A new poll finds 57 percent of American voters support defunding Obamacare. Utah Senator Mike Lee and other conservative Senators have a letter saying they will refuse to support a governmentwide spending bill needed to keep the government open after September if it includes Obamacare funding.

They want other Senators to sign on, but are having trouble getting GOP establishment figures to do so. The U.S. Senate bill already has $1.4 billion for Obamacare, almost exactly what HHS wants to fund the Obamacare Exchange network. Texas Senator Ted Cruz says “We either stand for principle now, or I believe, we surrender to Obamacare permanently.”
