Clinic Looking for Loopholes to Freedom

Our organization, Citizens’ Council for Health Freedom, has a “5C Solution” for health care. You can find it on the bottom of our home page: cchfreedom.org. Today, on Wedge of Freedom Wednesday, I’m going to mention the first “C” – Cash for Care. Paying cash and receiving cash for care is critical to freedom.

Last week a Midwest practice emailed us. They can’t opt out of insurance or Medicare because the hospital will deny them the right to see their patients and order treatment. Without these hospital privileges, they’ll lose their accreditation as a clinic. They’re looking for loopholes to freedom. This is just one way Medicare keeps physicians under government control.
