Six Weeks From Today We'll Know

Michael Gerson wrote an interesting opinion article in The Washington Post. He says if Trump wins, it’s because of Obamacare. He believes that the general atmosphere of contempt for government, the disdain for the incompetence of the political class, is due to the Affordable Care Act.

Premiums have increased by double-digits several years running and plans are offering increasingly limited choices. Obamacare has made many people unhappy, and Mr. Gerson thinks Trump may benefit. Six weeks from today we’ll know.
