

Seven Reasons to Vote “NO” on REAL ID

YES, YOU CAN - **You can fly and enter federal buildings** *without* REAL ID - per Department of Homeland Security (DHS) Final Rule on the REAL ID Act:

“DHS notes that individuals without a REAL ID-compliant document will still be able to enter federal facilities and board commercial aircraft.”

FLIGHT OPTIONS - TSA provides **15 alternative identification documents** for flight, including the MN Enhanced Driver’s License.

COMMANDEERING - H.F. 3959 (Smith) requires **full compliance with the federal REAL ID Act**, thus authorizing unconstitutional commandeering of the State by the Federal Government, which is a violation of states’ and individual rights under the 10th Amendment.

FEDERAL ID – H.F. 3959 eliminates state IDs and gives Minnesotans **Federal IDs** -- with federal control over them.

FEDERAL CONTROL – DHS Secretary can **change the required purposes of the card at any time**, without asking Congress. (i.e. to rent cars, to use as HOTV or toll card, to purchase wine, cell phone, firearms, cars)

DATA COLLECTION - Personal data would enter the **federal data verification “hub”** built in Missouri with a \$17 million DHS grant.

BIG GOVERNMENT - The REAL ID bill (H.F. 3959) is a Big Government bill, potentially **empowering federal government** control over individual travel, purchases, movement, and data.

Vote “NO” on the REAL ID bill - HF 3959 (Rep. Smith)
