False Claims on Pre-Existing Conditions

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

Yesterday, the Secretary of Health and Human Services re-released her January 19th statement on the repeal of Obamacare. Why?

Perhaps to reinforce her previous false claims before the President gives his State of the Union address tonight. Her agency has said 2.3 million non-elderly Minnesotans will lose their insurance due to pre-existing conditions if the law is repealed.

That’s more than one-half of the state. She also says 19 to 50 percent of Americans have pre-existing conditions. Such a broad range means she has NO idea what she’s talking about. Did the press ever report this? No. So maybe the Secretary is releasing old news because she believes the press corp will report and repeat anything she says.
