Freedom of Choice in Health Care Act Passes

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

Yesterday a Minnesota Senate Committee voted to pass the Freedom of Choice in Health Care Act which restores constitutional protections against Obamacare. While three organizations, including the Minnesota Medical Association opposed the bill, five testifiers supported it. When the bill passed 7-5, citizens applauded.

Amazingly, Commissioner Mike Opat said constitutionality isn’t relevant to Hennepin County. And DFL Senator Tony Lourey said determining constitutionality isn’t in the purview of the legislature. But Republican Senator Sean Nienow said we must all fight for constitutional rights and not wait for courts to decide.
