Donate for National Syndication

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

I have great news to share with you! This little radio program has been so popular here that we’ve decided to take it national.

We want to share our insights and we want to build the public’s resistance nationwide to ObamaCare so that it can be repealed. We also want Americans far and wide to hear about and take action against the government’s encroachments into private lives under the guise of public health.

Therefore, we are moving toward national syndication in 2011.

We need your help to make this happen. Please consider contributing $25, $100, or $500 toward the cost of taking our voice of health freedom -- The Health Freedom Minute -- nationwide.
