It IS about Policy, Mr. Dayton

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

Yesterday, Governor Mark Dayton gave his State of the State address. He wants Minnesota to invest in jobs, education, transportation, the health, safety and well-being of citizens, communities, and the environment, and he wants Minnesota to invest in the transformation of government services.

He plans to tax the wealthy and he wants us to give him two years of investing—taxing and spending—to turn the state around.

About health care, Mr. Dayton said, “let us promise…that our disagreements will be based upon honest differences over policies, not politics.” Mr. Dayton, let me assure you they are.

Opposition to Obamacare is all about opposition to the government takeover of health care. If it happens, people from every side of the aisle will be wishing for pre-Obamacare days.
