Need A Different Promise from Obama

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

President Obama made a promise: “If you like your health plan, you can keep your health plan.” Not so.

3M retirees are being forced out of the 3M health plan. Starting in 2013, they will be given a sum of money and forced to buy health insurance in the Obamacare health insurance exchanges. Another 840,000 people will lose their coverage when Principal Financial leaves the health insurance business.

In addition, one of the largest labor union health plans in New York recently dropped coverage for more than 30,000 children to avoid the expense of expanding coverage up to age twenty-six, as required by Obamacare.

We need a different promise from the President: If you don’t like health care reform, you don’t have to keep it.
