Who Will Say No to Obamacare Dollars?

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

“Obamacare Can’t Be Fixed,” reports the National Review. It must be dismantled now. Obamacare constituencies are being built every day.

Seniors are receiving checks, 12,000 people have enrolled in the new Obamacare Pre-Existing Condition insurance plan and 61,000 people have received help through the law’s Early Retiree program. Thus, the Administration is buying friends, building dependency, and shaping public opinion.

States are collaborating in this effort by accepting millions of dollars and agreeing to build the Obamacare Exchanges, which will be used to limit insurance options and enforce the unconstitutional mandate to purchase government-approved health insurance. Dismantling Obamacare means saying no to federal grants. Who will say no?
