Political Favors for Seniors

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

Only 29 percent of seniors support Obamacare.

So Mr. Obama is ignoring the law’s required cuts to Medicare Advantage and sending these health plans $6.7 billion. His administration says it’s for quality bonuses, but the Associated Press says the plans are “rated merely average.”

Obamacare allows bonuses to be given to health plans that receive four or five stars in the federal rating system. But the Administration decided this month to “grade on the curve.” As a result four out of five plans, rather than one out of four will get bonuses. Seniors in these plans are likely safe from cuts to care and higher costs.

Apparently, the rule of law under Obamacare is only the rule of law until Mr. Obama changes the rules for political advantage.
