The OweCare Bill

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

You’ve paid your annual tax bill and you’re probably relieved that April 15th is past.

Not so quickly. Yesterday, the Heritage Foundation released a list of the 18 new taxes embedded in ObamaCare. Thus, I’ve dubbed the government health care takeover bill the OweCare bill, as in O-W-E-Care. We owe and that’s all they care about.

Senator Baucus said the law would redistribute our money. Indeed. $503 billion will be collected from you in new taxes, the majority from the expansion of the Medicare payroll tax, and from the new tax on investments. The next highest will come from the fines levied against individuals and employers who refuse to purchase health insurance.

They expect to raise $65 billion from refusniks.
