Coverage is Not Care

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

Will your health care choices be restricted under ObamaCare? The answer is an unquestionable “YES.” Here are just a few examples.

Number one, the U.S. Secretary of Health and Human Services will determine what medical services are considered essential for your health insurance policy. If she leaves out the care you need, it may not be available at any price.

Number two, $500 billion in care will be cut from Medicare just as the babyboomer generation begins to enroll.

Number three, the new Independent Payment Advisory Board can impose rationing through financial penalties.

This is why ObamaCare must be repealed, not simply tweeked or “improved.”
