Obama Wants to Ration Now

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

The President wants to use the Independent Payment Advisory Board, the IPAB death panel, to cut costs. He doesn’t like Congressman Paul Ryan’s more patient-friendly plan.

Obama has already cut a future half trillion dollars from Medicare through Obamacare, but now he wants to cut $70 billion more a year, effective immediately and administered by IPAB.

Dick Morris writes, “Between now and 2021, Congress will be able to change the Ryan plan…But the early deaths triggered by the rationing decisions of …IPAB cannot be saved. Their decisions are, for the elderly of today, irreversible.

Obama hopes Medicare will get him re-elected. But Stanley Kurtz, author of Radical-In-Chief says IPAB is why Republicans will win in 2012.
