ObamaCare: No One Knows

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens' Council on Health Care.

What exactly is in ObamaCare? No one knows.

The Mayo Clinic’s CEO told an audience last week that Mayo has eight teams dissecting the bill. That’s right. Eight teams.

He said because there was no conference committee, there is no narrative explaining what is in the law. That means, no one knows what ObamaCare requires, and importantly, no one knows how the law will be interpreted.

The Secretary of Health and Human Services was given unprecedented authority to write rules interpreting much of the law. The word “Secretary” is in ObamaCare 3,267 times. These rules, not written or voted on by Congress, become law.

For this reason, if no other, ObamaCare must be repealed.
