You Can NOT Keep Your Insurance

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

President Obama said many times about Obamacare, “If you like your health care plan, you can keep your health care plan.” Not so. A new study confirms what the administration itself reported last summer. Many employers are going to drop coverage.

Last summer, federal officials reported in a proposed rule that 34 to 80 percent of employers would lose their grandfathered status under Obamacare as a result of changing health insurance plans. Last week, a report by McKinsey & Co. found that “30% of employers are likely to stop offering workers health insurance” altogether in 2014. I’ll bet it’ll be even higher.

So the reality is, if you like your health care plan, expect to lose it.
