Liberty First, Not Health Care

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

Virginia passed a law prohibiting anyone from forcing Virginians to buy health insurance. Last night Virginia’s Attorney General Ken Cuccinelli held a webcast on their lawsuit against ObamaCare’s individual mandate. He made three key points, and asked the public to write letters to the editor.

Point 1: This case is about liberty first, not health care.

Point 2: The feds have never compelled purchase of a product under the guise of regulation before.

Point 3: If the feds can do this, states are nearly irrelevant. They will no longer be sovereign entities in our constitutional system.

He said, “If the states lose this case, it is the end of federalism in the United States.”

It’s time to write a letter to the editor!
