Class Act

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

ObamaCare has a new entitlement program called Community Living Assistance Services and Supports – or the CLASS Act.

It’s a national long-term care plan for workers. The retired, the unemployed and non-working spouses are not eligible.

On average, $123 per month will be taken from your paycheck by your employer unless you opt out. IF you qualify for care in the future, this new federal trust fund will pay you up to $75 per day…until the money runs out.

That will happen in 2030, according to the federal budget office. After that, the program is expected to add tens of billions of dollars to the federal deficit every 10 years.

Sounds just like the Medicare Ponzi scheme.
