Census Resistance

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

For the next four days, I’m going to tell you stories and ask you to send your stories to me. We need real-life examples to show policymakers what our government is doing. Write down our website where you can send me your story. It’s www.healthfreedomminute.net.

Here is story number one. A man is being harassed by the U.S. Census Bureau in the U.S. Department of Commerce. They’ve contacted him 13 times by mail, phone and FedEx about answering personal questions for the American Community Survey. When he shut the door on the last surveyor mid-sentence, she shouted, “Sir, Sir, Sir,” wrote a note on her business card and shoved it into the door jam.

Do you have a story? Please send it to me using our feedback box at www.healthfreedomminute.net.
