MN ObamaCare Task Force

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

Yesterday, Governor Pawlenty announced the new health care reform task force members. The Task Force will “advise and assist the governor and the legislature regarding state implementation of federal health care reform legislation.”

This means ObamaCare. So…wouldn’t you hope that most of the appointees were freedom-minded. Not so. Instead, most want to let government use your private medical records to control your doctor’s medical decisions.

The Minnesota Medical Association has expressed disappointment that no practicing physicians were appointed. However, given how little the MMA has done to keep government out of the practice of medicine, it should not be surprised that they weren’t considered necessary for decisions on health care reform.

More to come on this. Stay informed at www.healthfreedomminute.net.

The Health Freedom Minute is heard weekdays in Minnesota at 7:03 a.m., 11:03 a.m., 2:03 p.m. and 5:03 p.m. on WWTC AM1280 The Patriot.
