Race/Gender Data Collection Deadline Today

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

Have your pencil ready. The federal government plans to collect very sensitive data on every American using doctors, hospitals and the U.S. Census Bureau.

Today is the deadline for telling the Obama Administration to stop their proposed plan to collect your race, ethnicity, sex, gender identity, sexual orientation, and disability status. In public comments that you can find online, we’ve called on the Administration to withdraw the proposal. You have today until midnight eastern daylight savings time to tell the government to stop this controversial data collection.
