Pawlenty Ready to Flip-Flop

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

Is Governor Pawlenty preparing to do a flip-flop?

First he said he would not take the Medicaid bailout funds. Now he’s thinking about it.

The federal government does not yet have the $240 million dollars that Mr. Pawlenty is tempted by. The dollars are still in our pockets. Congress is promising to take them from us as it digs the nation further into debt and deficits.

Any governor who takes any part of the $16 billion dollars from Pelosi’s call-them-all-back-to-D.C. jobs bill is a governor who helps liberals claim the bailout was necessary. Any governor who takes the money is a governor who doesn’t support lower taxes.

We don’t need any flip-flops. We need leaders who faithfully stand up for fiscal responsibility.
