Andy Griffith - Hired Gun for HHS

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens' Council on Health Care.

Mayberry's usually lovable Sheriff Andy Griffith has become a hired gun, a lobbyist, for government-run health care. The federal government paid Griffith to convince worried seniors that ObamaCare is a great deal. The television ad cost taxpayers \$700,000.

Five U.S. Senators have asked the administration to pull the ad and reimburse the U.S. Treasury. They request a response by the end of today.

Andy says lots of good things came in 1965, like Medicare, and with the new healthcare law, "more good things are coming" like guaranteed benefits and free check ups. He says, "I think you're going to like it."

Hopefully seniors will see through this taxpayer-funded smokescreen and continue to oppose ObamaCare.
