AMA a Fraud

Welcome to the Health Freedom Minute. This is Twila Brase president of Citizens’ Council on Health Care.

The American Medical Association is a fraud. Only 17 percent of doctors in America belong to it, according to a Wall Street Journal article.

The AMA endorsed ObamaCare and is now trying to muzzle doctors who speak out against the law.

The AMA is in bed with the Feds. It gets 70 to 100 million dollars each year printing and selling doctors the book of treatment codes the government requires every doctor to buy. AMA membership dues are a pittance in comparison to the money pouring in through this monopoly business.

To preserve the integrity of medicine, doctors should join the Association of American Physicians and Surgeons, Docs4PatientCare, and our organization. Find us and a copy of this broadcast at healthfreedomminute.net.
