## “Truth About HIPAA” Month Begins

April is CCHF’s “Truth About HIPAA” month. April 14<sup>th</sup> is the 21<sup>st</sup> anniversary of HIPAA, the federal rule that eliminated your medical privacy.

Look at any Notice of Privacy Practices to see how your data can be shared. This broad dissemination of medical history, diagnoses, and detailed conversations is authorized by HIPAA. You have no say in the matter.

During this month, we are publishing a series of five commissioned HIPAA cartoons. Starting today, these clever works of art will be displayed on our website and our social media. A new cartoon will be published each Tuesday. Help us share the truth about HIPAA by liking and sharing them with everyone you know on Facebook, Twitter, and Instagram using the hashtag #HIPAAharms.
