CCHF Releases Two REAL ID Videos

Our organization is leading the charge against the federal ID, called REAL ID, a soon-to-be-digital, biometric-controlled federal system of identification and facial recognition. Under the REAL ID Act, it could become a digital domestic passport for all of life, a national ID card controlled by the federal government. It could be linked to your bank account, setting up the technology needed for a social credit system.

We recently hosted a one-hour “Can I fly without REAL ID” webinar. We answered your questions. We also released an animated 3-minute video describing the dangers of REAL ID. Please go to RefuseRealID.org to watch these videos and share them. Your future and your freedom, are at stake. Go to **RefuseRealID.org**.

Presented daily by Twila Brase, President and Co-founder
Citizens' Council for Health Freedom.

*The Health Freedom Minute is now heard in 48 states:
