Health Freedom Minute

Before It's Too Late . . .

Two-thirds of 19,000 people surveyed want to lower Medicare eligibility to 55 and create a new government health-care-for-all program.

Americans are being socialized to accept socialism. Schools indoctrinate children. The left-wing media indoctrinates adults. Their worlds are NPR, CNN, and Instagram. They hear promises with no guarantees. Freebies with no discussion of taxes or property seized.

America under the siren song of socialism or the chilling call of communism has no future. Thus, we bring you a simple solution to stop socialized medicine: the affordable **3C Solution** of cash, catastrophic coverage and charity. The way health care was before government took control.

Presented daily by Twila Brase, President and Co-founder
Citizens' Council for Health Freedom.
