The Wisdom of Margaret Thatcher

As the Left pushes Democratic Socialism hear the wisdom of Margaret Thatcher, former British Prime Minister:

“Let us never forget this fundamental truth: the State has no source of money other than money which people earn themselves. If the State wishes to spend more it can do so only by borrowing your savings or by taxing you more. It is no good thinking that someone else will pay that – that “someone else” is you. There is no such thing as public money; there is only taxpayer money.”

Margaret Thatcher also said, “The trouble with socialism is that eventually you run out of other people’s money.” Thus, socialized medicine will not be affordable, but as money runs out, it will be cruel.
