Leave Medicare Advantage While You Can

If you have Medicare Advantage, think about switching to Original Medicare in October. Read our *Medicare How-To Guide*, which one woman called the best Medicare guide ever. Learn how Medicare Advantage rations care.

Medicare Advantage is the welfare version of Medicare. Enrollees pay almost nothing and taxpayers pay health plans \$12,000 - \$14,000 per enrollee, which this year is 14% more per enrollee than is paid for those in Original Medicare.

This means less Medicare funds for people in Original Medicare who are paying higher premiums to be enrolled, but at least they have more freedom. Tell Congress to shut down Medicare Advantage.
